

Truly
Grateful
for you.

DONUTSTE

DOUGHNUTS

*Thank you so much for your order and
for making Donutste part of your
celebration this year. Your support
means the world to us, and we truly
appreciate you.*

HANDLING & CARE

instructions

These are all yeast based donuts and pastries most fresh if eaten the same day.

Some individuals do freeze the donuts they cannot eat. But we cannot guarantee same made to eat quality upon defrost. For best freezing outcome, freeze the same day in an airtight container or ziplock bag. Allow to defrost naturally.

For maximum freshness beyond today we recommend storing in an air tight container.

All donuts and items with any custard inside should be refrigerated if not eaten the same day.

After storing, in the refrigerator or freezer you can let the item come to room temp naturally and if preferred gently heat in the microwave for 10-30 seconds.
